REMARKS

This Preliminary Amendment is submitted in response to the Office communication including form PTO-948, mailed April 5, 2002, in which Applicants' Communication filed February 19, 2002 was considered non-responsive because certain drawings filed with Applicants' previous Communication were deemed unacceptable to the Official Draftsman. Corrected formal drawing (Sheet 13) in compliance with the requirements noted on form PTO-948 is being concurrently filed as a separate paper addressed to the Official Draftsperson.

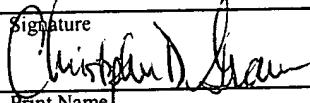

The corrected drawing requires amendment of the specification to properly refer to the drawings. No new matter is introduced into the application as a result of correcting the drawings or amending the specification to properly refer to the drawings.

Examination of the application is kindly solicited.

No fees are believed to be required at this time. If this is incorrect, please charge any fees to Deposit Account No. 13-3723. One copy of this sheet marked DUPLICATE is also enclosed.

Respectfully submitted,
